

INTERNATIONAL DAY AGAINST HOMPHOBIA, TRANSPHOBIA, and BIPHOBIA 17 May 2017

It's time to **modernize** parental leave in the UN system.

Currently, a mother receives 4 months, a father receives 1 month.

Parents who give birth receive 4 months, those who adopt receive 1 to 2 months.

The message this sends is clear: it's a woman's job to raise children, not all parents will be treated equally.

HELP US CHANGE THIS.

Join UN-GLOBE in demanding equality for all parents!
